ABOUT ME

Hi, I'm **Front-end developer**. I have several years of experience in Web development. I am friendly, sociable, studious, responsible and smart person. I like to be engaged in self-education, reading book and articles about web development.

OBJECTIVE

I want to work in a good company with friendly staff, where I would take part in challenging project that will help me evolve as a specialist, gain more experience as a team player and become a strong front-end developer.

SKILLS

- HTML5 + CSS3: semantic and valid code;
- JavaScript : solid knowledge. Creation of custom scripts using vanilla JS and jQuery. Knowledge of ES6;
- PHP: understanding of basic code;
- MySQL: understanding and creation of simple requests;
- OOP: solid knowledge;
- English: intermediate level.

METHOD AND TOOLS

- Libraries: jQuery;
- Methodologies: BEM, Airbnb JavaScript Style Guide;
- Frameworks: Bootstrap;
- Code and graphics optimisation using minification, sprites and compression tools;
- Cross-browser compatibility (IE9+);
- Graceful degradation + mobile first;
- Responsive web design;
- Libraries jQuery;
- Version Control: GIT.
- Automation: npm, Webpack;
- Preprocessors: SASS(SCSS);
- Task management: Asana;
- Graphics editors: Adobe Photoshop CC;
